crystile

Technical specifications

Basic operation

Type of equipment controlled cooling device

Technical characteristics

Maximum power 1000 W

Cooling capacity in each handpiece 90 W 0 °C @ Tamb de 25 °C

Temperature - 4 °C - 0 °C

Power supply

Power supply 100 -240 Vac 50 - 60 Hz

Marking CE

Directives

Directive 2006/95/CEE (LVD) on Low Voltage
Directive 2004/108/CE (EMC) on Electromagnetic Compatibility
Directiva 2002/95/CEE (RoHS)
Directive 2002/96/CEE (RAEE)

Physical characteristics

Materials metal and polyurethane finishing

Dimensions $600 \times 450 \times 650 \text{ mm}$ Screentouch screen 10,4"
